

**Calcium's Value  
in Tuberculosis**

As a tonic and remedial agent in the treatment of tuberculosis, this element is being studied by scientists and physicians everywhere.

For more than two decades users of Berkman's Alternative have tested its efficacy in such cases, for calcium chloride is one of the chief constituents of this preparation, which has produced beneficial results in thousands of instances. And in this form it is so combined as to be easily assimilated.

If you are thus afflicted, a trial may prove this to be just what is needed to assist Nature in bringing about a return to normal health.

It is safe to take, because it contains no poisonous or habit-forming drugs of any sort. For sale by ALL LARGEST DRUGGERS, HEGEMAN DRUG STORE, Philadelphia—Adv.

**GRANDMOTHER WANDERS  
ALL NIGHT WITH KIDDIES**

Mrs. Johnson and Two Tots Become Lost and Are Exhausted When Found at Dawn.

Mrs. Yan Johnson, seventy-eight years old, told her son, John, a carpenter, of No. 327 Forty-third Street, Brooklyn, at 6 o'clock last evening she was going to walk around the block to get a little air. She took with her her grandsons, Joseph, aged three, and Anton, a year old. After an hour the three had not returned. Johnson and his wife, in turn, hurried around the block and

searched the side streets. There was no trace of the old woman and the youngsters. Nobody remembered having seen them. By 10 o'clock Johnson was so frightened he reported to the police of the Fourth Avenue station and an alarm was sent out to all the stations in Brooklyn.

Policeman Meyn of the Sheephead Bay station, at 6 o'clock this morning, saw an old woman staggering across the muddy fields near Kings Highway and West Eleventh Street, five miles from the Johnson home. She had a baby in her arms and a little boy was clinging beside her. The policeman recognized her from the description as Mrs. Johnson, with the missing grandchildren. She was dazed and exhausted. Meyn called Ambulance Surgeon Faltman from Coney Island Hospital and they were taken there. When Johnson came

his mother, slightly delirious, said she had become lost and had been walking all night.
